---

Full-stack web developer transitioning from 12 years in remote web agency technical support, combining strong technical troubleshooting, client-focused communication, and hands-on experience building websites for individuals and non-profit organizations. Brings deep problem-solving skills, empathy, adaptability, and a strong commitment to high-quality, user-centered solutions.

TECHNICAL SKILLS

Backend: Python, Django, Node.js, Express.js

Databases: MongoDB, PostgreSQL, SQLite, Firestore

Frontend: React, Angular, JavaScript ES6, TypeScript, HTML5, CSS3, SASS/SCSS, Responsive Design

Tools & Practices: OAuth2, JWT, Git, Netlify, Vercel, Heroku, AWS Lambda, Firebase, REST APIs, Jest, TDD, CI/CD Basics

Other: Accessibility, SEO, Documentation, OOP & Functional Programming

PROJECTS

Recipe Application | Full-Stack Project (Django**) |** Github | Hosted Version

• Designed and developed a multi-user Django web application with authentication and role-based access
• Implemented complex model relationships, business logic, and customized Django Admin
• Built data-driven features including statistics, trends, and visualizations for users

Movie Web Application | Full-Stack Project

• Built full-stack movie app with authentication, user profiles and REST API
• Designed backend endpoints for search, filtering, favorites, and profile management
• Developed responsive UI using reusable components and JWT-based authentication

Github React Frontend | Github Angular Frontend | Github Backend | Live app

Chat Application | Mobile App

• Built real-time chat app using Firebase Authentication and Firestore
• Implemented image and location sharing with accessible UI suitable for iOS and Android

Github | Live Demo

Serverless PWA | Full-Stack Project

• Developed installable PWA with offline support using a TDD approach
• Implemented serverless backend with AWS Lambda and integrated Google Calendar API

Github | Hosted Version

EXPERIENCE

HEAD OF TECHNICAL SUPPORT, WEBAGENTUR.CH | REMOTE

2013 – 2025
• Resolved technical issues across 100+ CMS-based websites, improving uptime and client satisfaction
• Customized and debugged HTML/CSS templates and collaborated with developers to reproduce and fix bugs
• Optimized SEO and site performance for client websites in a mostly French-speaking market
• Delivered CMS training to non-technical clients and new hires, reducing support requests

EDUCATION

FULL-STACK WEB DEVELOPMENT COURSE AND PYTHON SPECIALIZATION, CAREER FOUNDRY | REMOTE

MAY 2025-FEBRUARY 2026
• Project-based training in React, Node.js, Angular, React Native, Python, Django, databases, and TDD
• Built multiple full-stack applications using modern development workflows

SOFT SKILLS

Adaptability • Problem-solving • Remote collaboration • Strong customer focus • Ownership • Cross-disciplinary communication

ACTIVITIES

Music, author and researcher on Belgian beer culture, community events, travel, continuous learning
